

Good Neighbors Bharat creates positive change for children all over the world.

Good Neighbors is a global child rights NGO founded in South Korea. Since establishing its branch in India in 2023, Good Neighbors Bharat has been implementing professional humanitarian programs to support vulnerable children and community development across the country.

What is a Good Neighbors Store?

The Good Neighbors Store is a partnership initiative where donation boxes are installed in various types of businesses such as supermarkets, cafés, pharmacies, and fast food restaurants. This allows both staff and customers to participate in ongoing giving.

Participating stores can also provide regular support for children's education and hygiene programs to help improve their lives.

You can start sponsoring an education support project for children from just INR 1,000 per month.

Transparency of Donations

Transparency is one of our core values

- We provide monthly donation receipts and a newsletter with the latest updates.
- Every year, you will receive an annual report detailing the projects you support and the overall status of Good Neighbors Bharat programs.

Materials Provided

When a store installs a donation box and commits to regular support, we provide a **Good Neighbors Store plaque** and stickers to display.

Benefits

- **Your store's meaningful participation will be promoted through our social media channels.**
- **All donations made to Good Neighbors are eligible for tax exemption under Section 80G of the Income Tax Act, 1961.**

By joining the Good Neighbors Store program, you can:

- Spread the seeds of sharing and kindness.
- Strengthen your store's public image and enhance brand value.
- Gain recognition from both staff and the local community.
- Build stronger customer loyalty.
- Increase customer satisfaction through meaningful social engagement.
